

## Intro

This application is a simple try to implement a webKit application on Sailfish OS.

## Application

### ideas

Show the mobile website of golem.de with a fast access via application icon in launcher.

### design goals

- loading bar
- save login to post comments
- fast access to comments

### source

The sourcecode is located under `svn://svn.siningsoft.de/harbour-golem`. A free read access via svn will follow. If you're interested in submitting code as part of the development, a read/write access could be requested via [sailfish@siningsoft.de](mailto:sailfish@siningsoft.de)
